

2017 ANNUAL REPORT

PEOPLE HELPING PEOPLE

ABOUT SMTCCAC

Southern Maryland Tri-County Community Action Committee, Inc. (SMTCCAC) was incorporated as a 501(c)(3) in August 1965. This occurred after three Calvert County residents acted out of concern over the level of poverty in their county.

The governing board of the agency has been composed of Calvert, Charles and St. Mary's residents, in equal proportions since the county commissioners from the three counties designated SMTCCAC as the official recipient of Economic Opportunity Act funds in 1965. Tri-County Council for Southern Maryland was responsible for the first funds received to begin operations after they submitted an application for funding on behalf of SMTCCAC.

The agency's services periodically change to fit needs as communities and economic realties evolve. Economic insecurity remains a problem for far too many of our neighbors. That fact keeps us striving to Help People to Help Themselves - through a wonderful network of new partners and supporters. Working together we can bring hope and promote upward mobility where it is most needed.

GOALS & ACTIVITIES

SMTCCAC utilizes "Results Oriented Management and Accountability", or ROMA, to incorporate outcomes and results into the administration, management, operation, and evaluation of Community Action agencies. ROMA has three national goals:

- 1. Individuals and families with low-incomes are stable and achieve economic security.
- 2. Communities where people with low incomes live are healthy and offer economic opportunity.
- 3. People with low-incomes are engaged and active in building opportunities in communities.

2017 PROGRAMS & SERVICES

- Affordable Rental Housing
- Career Training School for Class B Commercial Driver's License
- Head Start Program
- Energy Assistance Program
- Friendly Health Services
- Housing Opportunities for Persons with AIDS (HOPWA)
- Housing Counseling Services
- Senior Companion Program
- The Emergency Food Assistance Program (TEFAP)
- Tri-County Fuel Fund

OUR VISION

To create opportunities for all citizens to realize their potential to become self-sufficient.

OUR MISSION

To provide services for eligible citizens that alleviate the causes and conditions of poverty, promote upward mobility and enrich the quality of life.

SMTCCAC'S BOARD OF DIRECTORS

The agency is governed by a volunteer board of directors, with equal representation from Calvert, Charles and St. Mary's counties' consumers, representatives from the private sector and representatives of local elected officials

Our Board Leadership has committed to achieving greater results in 2017. This governing board has continued to support SMTCCAC as the staff has worked to address the needs of our citizens in the Southern part of the state. Through the Board's leadership, the agency has offered an array of services that have continued to bring about economic security for the low-to-moderate income citizens of Calvert, Charles and St. Mary's Counties. Their service and dedication continues to elevate SMTCCAC as one of the strongest non-profit community partners in the region.

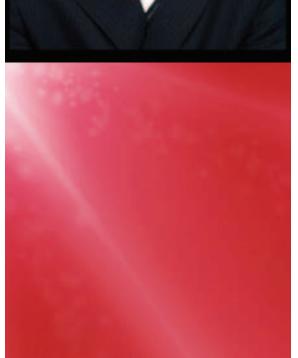

THE COMMUNITY ACTION PROMISE

Community Action changes people's lives, embodies the spirit of hope, improves communities, and makes Southern Maryland a better place to live. We care about the entire community, and we are dedicated to helping people help themselves and each other.

PRESIDENT'S MESSAGE

It is with great pleasure that I present to you the 2017 Annual Report of Southern Maryland Tri County Community Action Committee (SMTCCAC) Inc.

Our struggles to bring change has been challenging, however the accomplishments reflected in this report highlight the outcomes of the commitment and hard work of the Board, Staff, Volunteers and Partnerships developed throughout the year.

Collectively we have overcome obstacles, to bring down the barriers that enable us to improve the quality of life for those affected by poverty.

Much still remains to be done to continue fulfilling our mission to service the needs of the communities of Charles, Calvert and St. Mary's counties. Continued growth for the agency will enable us to carryout our mission. If everyone is moving forward together, then success takes care of itself.

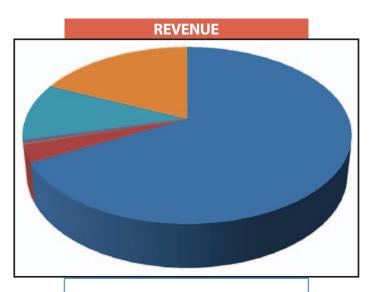

As we move forward to changing lives and the community we welcome your input, we encourage your involvement, we accept your partnering, and we thank you for your support.

I am looking forward to the future, and feeling grateful for the past.

Respectfully,

Michael E. Young, MSW President/CEO

FRIENDLY HEALTH SERVICES

ENSURING HEALTHY OUTCOMES FOR SENIOR CITIZENS

Friendly Health Services (FHS) is an adult medical day care program offering services in a center-based environment serving some of the county's most vulnerable seniors. Although the average age of seniors within our program is 66 years old, several are beginning to approach the ripe age of 90 years old. We work to expose our seniors to a diverse environment each day by offering three nutritious meals; transportation to and from the FHS Center daily; recreational activities; physical exercise; and preventative health services that have proven to maintain optimal health for 14 disabled seniors.

Our primary focus is centered on the health needs of our seniors and ensuring that we continue to support those aging in place. We also provide assistance with chronic disease management, healthy eating and physical exercise. Because modern advances in health, technology and medicine are allowing citizens to live longer, the need for senior care is in great demand. FHS is a great alternative to providing costly nursing home services and care. Many of our seniors utilize Medicaid options and private funders for the daily service.

In 2017, FHS provided 265 transportation trips to doctor appointments and trips to pick-up prescriptions. By ensuring that our seniors received adequate health care and medication as needed, 80% of our seniors remained active and no hospitalizations reported. We achieved our goal to support our seniors and to offer them a safe and healthy life while living independently at home.

PROGRAM REVIEWS FY2017

HOUSING COUNSELING SERVICES PROGRAM

Southern Maryland Tri-County Community Action Committee, Inc. is a U.S. Department of Housing and Urban Development (HUD) approved housing counseling agency. Our housing counselors work with the community. The program collaborates with numerous entities to help their customers increase their knowledge on issues pertaining to housing and financial education. SMTCCAC, Inc. is part of the Southern Maryland CASH, Maryland Housing Counseling, and the Community Development Networks.

As counselors became more successful at reducing foreclosure in the tri-county region, the department began to transition. Counselors also helped to increase the homeownership rate to nearly 20% above the national rate and reduce foreclosure rates to less than 1%. The department counseled **a total of 169 customers** in 2017 including: 85 for mortgage default and 51 for prepurchase education. Nine customers purchased homes.

In 2017, the department secured funding for financial counseling and focused on the preservation of home ownership and financial education.

Counselors also increased their knowledge by completing multiple certifications including: Student Loan counseling, Debt Compliance, and Smart Equity.

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS (HOPWA)

The Housing Opportunities for Persons with AIDS, also known as HOPWA was administered by Southern Maryland Tri-County Community Action

Committee Inc. under contract with the District of Columbia Department of Health/HASTA.

Seventeen Calvert County residents living with AIDS received assistance with their monthly rent in the (HOPWA) program administered by SMTCCAC, Inc. They were responsible for using 30% of their income for rent and utilities. The excess of 30% was covered by the program and \$140,932 was expended for rental and utility assistance.

PROGRAM REVIEWS FY2017

COMMERCIAL DRIVER'S LICENSE TRAINING (CDL)

The Commercial Driver's License Training program has completed its 15th year as an approved Maryland Higher Education Career Training School. The program operates year round and accepts new students monthly. Graduates of the program are qualified to drive box trucks, dump trucks, mixer trucks, passenger buses, and school buses.

2017	Program Year 2017 Graduates	Percent which found Employment	Average Hourly Rate
	18	50%	\$21.00

THE EMERGENCY FOOD ASSISTANCE PROGRAM (TEFAP)

The Emergency Food Assistance Program, also known as TEFAP, is a U.S. Department of Agriculture program administered through the Maryland Food Bank under contract with the Maryland Department of Human Resources. We currently support twenty-one (21) food pantries and two (2) soup kitchen/shelter to combat hunger in Southern Maryland.

SMTCCAC continues in its role as a link in the safety net for families facing food insecurity. The program was able to continue receiving and distributing supplemental food to households in need. Twelve shipments were received during the 2017 program year.

2017	Tons/Pounds	Dollar Value	of Households	Average Number of Individual People Served per Month
	153.04/306,062	\$271,898	1,395	4,070

SENIOR COMPANION PROGRAM

The Senior Companion Program works to fulfill a prevalent need within the Tri-County Community by providing activities and services to low-income seniors (aged 55 and older). Senior Companion volunteers receive a small stipend to assist with their monthly expenses. The program is primarily funded by the

Corporation for National Community Service (CNCS) and also receives local funds from the Charitable Trust and St. Mary's County government.

Senior Companions alert health providers and family members to prevent potential health problems, provide short periods of relief to primary caregivers, and assist adults with special needs (developmental/physical disabilities, mental illness or frailty) achieve and maintain the highest possible level of independent living. Their service helps to eliminate the isolation that homebound

persons experience and provide their primary caregiver's respite and peace of mind that their loved ones are

not alone. The Senior Companion Program is a great alternative and decreases premature enrollment in Nursing or Assisted Living facilities. Senior Companions also give back to the local community by hosting School Supply Drives and serving meals at the local homeless shelters.

The service statistics for fiscal year 2017 highlight the impact of volunteer care giving hours and resources provided to supplement the income of 57 seniors. The needs of 81 homebound, frail and elderly seniors were met and allowed to them to remain independent.

SMTCCAC HEAD START

HISTORY

In 1967, SMTCCAC developed an early childhood development program for children from low-income families. SMTCCAC Head Start is a federally funded program.

VISION

To promote school readiness by enhancing the social and the cognitive development of children through the provisions of education, health, nutritional, social and other services to enrolled children and their families.

MISSION

To promote school readiness by assisting eligible families to improve the social, emotional and cognitive development of the individual child through the support of educational, health, nutritional and community services.

"Only those who look with the eyes of children can lose themselves in the object of their wonder"

- Eberhard Arnold

SMTCCAC HEAD START OUTCOMES

CHILD OUTCOMES

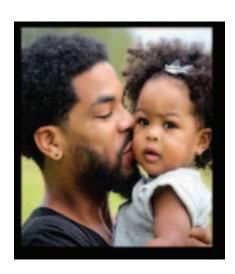

In 2017, 136 children attended double-session classes for three and a half hours a day four days a week. The average attendance for the year was 85%, which meets the Head Start Performance Standards requirement. The children in the program were assessed using the Teaching Strategies Gold Assessment System three times during the program year: Fall, Winter, and Spring. Teachers used the outcomes to develop lesson plans that met the needs of each individual child in the areas of social and emotional development, language and literacy, cognition and general knowledge, and physical development. SMTCCAC Head Start mission is to meet children at their educational level and develop an individual plan to help them improve.

To ensure Kindergarten Readiness, SMTCCAC Head Start offers a Summer Program that provides enrichment and educational opportunities to further prepare children for the next step in their educational careers. Children that may be having difficulty in a specific domain are pulled to work with an educator one to one to strengthen their skill set.

NATIONAL HEAD START LETTER CAMPAIGN

Dear Mr. President, Head Start matters to me because: Every child needs an education. Keep Head Start Great!

Quana

Dear Mr. President, Head Start matters to me because: *I like learning about doctors*.

Chase, age 4

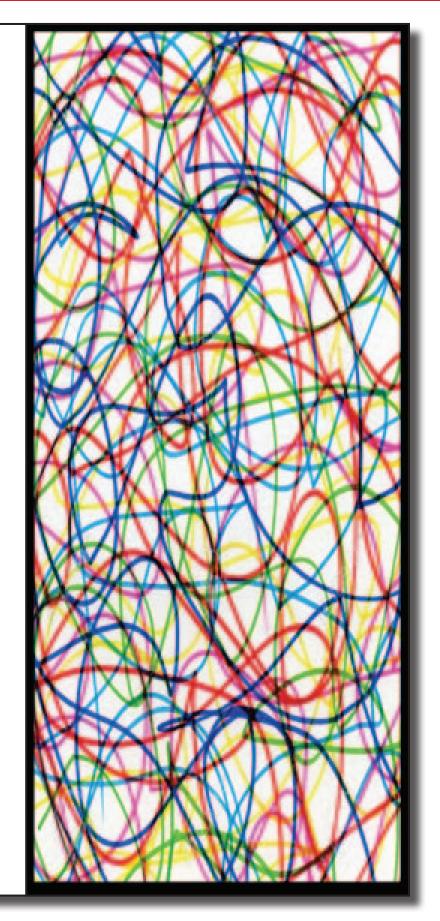

Dear Mr. President,
Head Start matters to me because:
It's helping my son grow accustomed
to being around other children. It also is
preparing him for kindergarten.

Kaehuana

Dear Mr. President,
Head Start matters to me because:
My daughter is learning how to spell,
read, math and social studies. She is
getting a chance to be prepared for Pre K.
Porsche

Dear Mr. President,
Head Start matters to me because:
Our children get a great head start in
Early education that prepares each child
for Elementary school. Thanks for your
time in reading this post card.

lesha

HEAD START COMPONENTS

Head Start has been compared to a puzzle with many moving parts and components. The various components are Education, Mental health, Disabilities, Health and Safety, Transportation, Nutrition, and Parent Involvement. Each of these components is used to provide services for the whole child, which includes their family.

EDUCATION

The program's goal is to ensure that children leave Head Start with increased intelligences and the aptitude that will prepare them to be successful in Kindergarten and beyond. The Creative Curriculum is a research based curriculum that is proven to provide children with age and developmentally appropriate activities and various learning experiences. SMTCCAC Head Start focus on quality improvement as participates in the Maryland Excel Program. Our teachers are committed to improving their individual skillsets this in evident by their involvement

in the Maryland Credentialing Program, rating Level 3 and above.

MENTAL HEALTH, DISABILITIES

At SMTCCAC we believe all children are capable of learning. It is up to the educators to find out how that child learns. A total of 128 developmental and socio-emotional screenings were completed using the Brigance Instrument within 45 days of entry into the program. At least 10% of Head Start's funded enrollment was set aside for children with diagnosed disabilities. Our program partners with Center for Children and CCPS to ensure we are doing everything possible to meet the needs of all children.

HEALTH AND SAFETY

There were 132 Children screened on their height, weight, hearing and vision within 45 days of entry, to see how well they are developing compared to their peers. The Audiometer is used to measure their hearing. The LEA Chart is used to check their sight. The physicians scale is used to measure height and weight. These screenings are put in place to ensure there are no hindrances to learning and development. As a part of daily curriculum children were taught basic hygiene practices, such as hand washing and tooth brushing. In addition children participated in monthly Safety Drills, (fire, lock down, extreme weather conditions and bus evacuation)

TRANSPORTATION

A total of 378 round trips were provided for one of our centers, Brawners Head Start. Transportation was also provided for our Summer Program at Eva Turner Head Start a total of 36 round trips. Transportation provided in accordance with state and federal requirements. A bus monitor was on each route to ensure the utmost safety for the children and extend the learning period for the children. During trip to/from the center you could find the Bus Aide reading to the children.

HEAD START COMPONENTS

HEALTHY MEALS

The program ensured that the children received a healthy breakfast, lunch and/or snack. A total of 25,156 meals were served, (6,413 breakfasts, 12,674 lunches, 6,069 snacks). Some of the snacks were incorporated in the curriculum as a cooking project. The meals were served family style to encourage the development of social, language and self-help skills. The menu included a wide variety of foods with an emphasis on fruits and vegetables, whole grains and limited sugar, salt and fats. Families are provided menus on a monthly basis. In addition Head Start partnered with the Kiwanis Club to provide take home snacks various times throughout the program.

PARENTAL INVOLVEMENT

Involving parents in the Head Start Program is a guiding principle to the Head Start philosophy. Parents have many opportunities to participate from volunteering in the classroom to serving on the Policy Council. Each year exemplary parents are honored through the Maryland Head Start Association.

POLICY COUNCIL

Policy Council is an elected group of parents that assists Head Start in program decision-making and program governance. The Policy Council is part of the shared governance team that includes the Board of Directors and program. Together the team guides the direction of the Head Start program. Parents were elected from each Head Start center to serve as representatives on Policy Council in October 2016. Five parents participated throughout the year. In addition to parents there are community representatives from programs

such as Department of Social Services, the Charles County Public Library and University of Maryland Extension Program.

Policy Council assist program staff in developing program plans, policies and procedures to meet Head Start Performance Standards and to address needs in the community. They also provide input and feedback on grant proposals, budgeting, hiring and termination of staff and fundraising. Policy Council participates on the School Readiness Team, Health Services Advisory Committee, and the Self-Assessment Team.

HEAD START YEAR IN REVIEW

OUTREACH AND COMMUNITY INITIATIVES

- National Head Start Letter Campaign to Current Presidential Administration
- 120 Care bag project with Charles County Early Childhood Advisory Council
- 51 book bags given to students transitioning to Kindergarten by the Kiwanas Group
- Jamboree 2017 120 students and their families participated

Community Partners: Kiwana Club of Charles County, CCPL, Judy Center, DSS, PNC Bank and Job Source

OFFICE OF HOME ENERGY PROGRAMS

OFFICE OF HOME ENERGY PROGRAMS

SMTCCAC's office of Home Energy Programs (OHEP) provides utility and heating assistance to low-income families living in Calvert, Charles and St. Mary's counties. The program's goal is to make energy costs more affordable and to prevent loss of or restore energy services. OHEP may provide three (3) separate grants based upon eligibility. The Electric Universal Service Program (EUSP), also known as bill payment, provides a monthly allotment to eligible customers. Customers are placed on budget billing to provide help with managing their monthly electric bills. EUSP funds assisted 942 Calvert households, 2,248 Charles County households and 2,060 St. Mary's County households in program year 2017 for a total of \$3,468,142 in benefits.

2017 OHEP Funds Expended By County			
County	EUSP Funds Expended by County	EUSP Arrearage Retirement Funds Expended by County	MEAP Funds Expended by County
Calvert	658,956	160,730	612,164
Charles	1,447,200	332,531	1,453,658
St. Mary's	1,361,986	319,791	1,541,269
TOTALS	\$3,468,142	\$813,052	\$3,607,091

2017 Households Receiving Funds By County				
County	EUSP Households	EUSP Arrearage Retirement Households	MEAP Households	
Calvert	942	190	957	
Charles	2,248	432	2,301	
St. Mary's	2,060	387	2,136	
TOTALS	5,250	1,009	5,394	

The EUSP Arrearage Retirement
Assistance helps customers with
large, past due electric bills. Eligible
customers may receive forgiveness of
up to \$2,000 towards their past due
bill. To receive assistance, customers
must have a past due bill greater than
\$300. An arrearage grant may only be
received once every seven (7) years.
EUSP Arrearage Retirement funds
assisted 190 Calvert households, 432
Charles households and 387 St. Mary's
households in program year 2017 for a
total of \$813,052 in benefits.

The Maryland Energy Assistance Program (MEAP) provides eligible customers with assistance on their heating bills. Funds are provided to

customer's fuel suppliers or utility companies on their behalf. MEAP customers may receive assistance with oil, kerosene, propane, wood, wood pellets, utility gas or electric. MEAP funds assisted 957 Calvert households, 2,301 Charles households and 2,136 St. Mary's households in program year 2017 for a total of \$3,607,091 in benefits.

TRI-COUNTY FUEL FUND

TRI-COUNTY FUEL FUND

SMTCCAC's Tri-County Fuel Fund assists families and individuals with electrical service reinstatement, those in jeopardy of having their electrical service terminated and those experiencing difficulty in heating their homes. Customers are required to pay a portion of the bill and may require assistance from other organizations. When this occurs, the Fuel Fund intake worker makes referrals to other organizations that may have funds to fill the gap and resolve the problem. The Fuel Fund assists customers ineligible for MEAP benefits or those that may have exhausted their benefits but still face hardships.

This program is administered December through April using funds that were contributed by local residents donations to Southern Maryland Electric Cooperative's (SMECO) Members Helping Members Program, the HELP Association of Calvert County and United Way of Charles County. Funds donated through SMECO's Members Helping Members Program can only be used for SMECO customers. The Tri-County Fuel Fund assisted 140 households in program year 2017 for a total of \$52,677 in benefits.

2017 Tri-County Fuel Fund
